ED01

Title

Program for Receiving BS, MS and PhD Degrees in Geology and Petroleum Engineering

Program Objective and Description

This program is designed for Iraqi citizens who wish to continue on their secondary education at Middle East Technical University in Turkey. Students may apply to both undergraduate and graduate programs “geology” and “petroleum and natural gas engineering” departments to take their BS and MS or PhD degrees. However, these programs require hard work and students pass several exams before their acceptance to relevant departments.

Who Should Apply

Applicant must be in their last year of secondary education or have successfully completed secondary education at any Turkish high school or at a school in which the education is equivalent to that of a Turkish high school,

Prerequisite

- 1) Sufficient TOEFL (Test of English as a Foreign Language) score or participating English preparation school for one year.
- 2) After meeting the English requirement the candidate must take YÖS (the Examination for Foreign Students exam) and must be successful. This examination has been designed for foreign students wishing to study in Higher Education Institutions in Turkey. Depending on the results of this examination, they can apply to Turkish Institutions of Higher Education. This examination is prepared and administered by the Student Selection and Placement Center (ÖSYM).

YÖS must be taken by foreign students who wish to study at an institution of higher education in Turkey, starting in the academic year 2009-2010. The results of YÖS are valid for two years.

YÖS Application Period

February -2010

YÖS Exam Date

April 2010

Limited Participant

3 - 6 students for Geological Engineering Department

3 - 6 students Petroleum and Natural Gas Engineering Department

Program schedule and tuition are determined upon request.
